Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: Although the prior art to Bambara et al teaches the composition used for the claimed coating layer, there is no suggestion to use the claimed composition with the specific copolymers as claimed for coating layers on electrical devices. The specific properties possessed by the composition when used in this fashion render the claims, therefore, both novel and unobvious over the closest prior art as cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernard Lipman whose telephone number is 571-272-1105. The examiner can normally be reached on 8-5 Mon-Fri.
